A NEW DYNASTY

Occasionally every breed of live stock is stimulated and improved by the use of great sires. When Browndale Count was put into service at Edellyn he established a dynasty that has persisted to this day. He is responsible for four International Grand Champion bulls being produced in the Edellyn herd and his descendants have improved nearly every herd of Shorthorns in North America.

Now a new dynasty has been introduced into the Shorthorn breed in America by the importation of the two great sires, Calrossie Mercury and Edellyn Command. They were bred in the two leading herds in Scotland and were bred from Scotland's best sires and dams. Their use at Edellyn has resulted in the birth and development of two of the best crops of calves ever to have arrived on any farm in America. The bulls from the first crop are being sold in this sale. With them go twenty superb heifers that are with calf by these great herd bulls.

No sale ever has offered better opportunity to secure breeding stock with which to improve America's herds. Those who are among the first to put at the head of their herds a son of one of these extraordinary sires will profit the most. Next to buying a bull in this sale, the purchase of a heifer sired by Calrossie Mercury or Edellyn Command or with calf by one of them is the surest step toward successful Shorthorn production.

No one in America who is interested in Shorthorn cattle should fail to attend this sale. No breeder should fail to buy at this sale if he is in a position to do so. The best Shorthorns are the most profitable and these are the best.

WILL JOHNSON
The Shorthorn World.

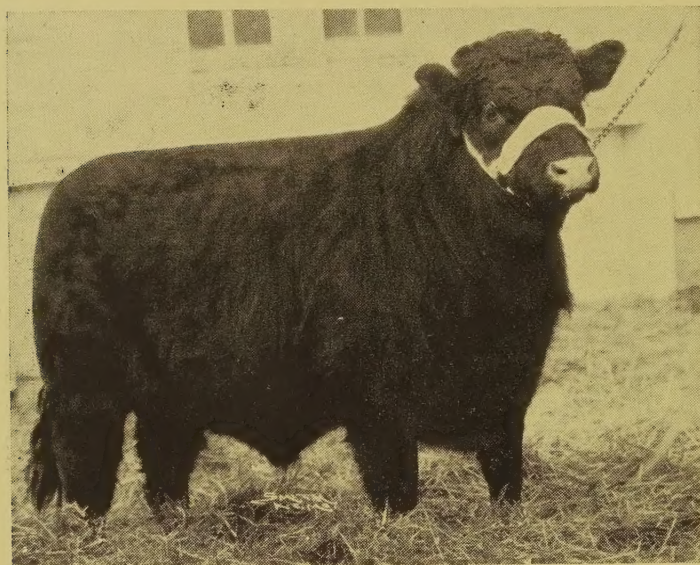

We Invite You to Edellyn Farms

It is with much pleasure that we again extend to all those interested in good Shorthorn Cattle a most cordial invitation to Edellyn Farms on the occasion of our 16th Annual Auction. Particularly are we happy that this sale will witness the introduction of a "New Dynasty" into the field of North American Shorthorns. This same line of breeding has been the predominating factor in recent years, in the major herds of Scotland and the Argentine. Calrossie Mercury and Edellyn Command represent the very best of this breeding and we are proud to present it to you, through their calves, for the first time. Ample evidence of the worth of Calrossie Mercury, as a sire, is the winning of the Championship at Perth by his first son, Calrossie Souvenir. Added assurance of his splendid background is the purchase of the champion by Cluny Castle, one of the greatest herds in all Scotland. We are exceedingly happy to be able to offer in this sale no less than ten sons of Calrossie Mercury, all of which are half-brothers to the Champion Calrossie Souvenir and seventeen very choice well bred females carrying his service and any one of which could drop his equal.

Edellyn Command, sired by the great Calrossie Command and a half brother to Calrossie Mercury, merits the high esteem in which he is held by knowing cattlemen. His first bull calf, and selling in this sale, has all the qualifications of a Perth champion. We offer in addition three other outstanding bulls by the same sire and four well bred typy heifers carrying his service together with three of his choice daughters. No offering in recent years has the potential possibilities of the cattle in this catalog, and we recommend them very highly to you, for we are confident that those that avail themselves of this first opportunity of buying either a Calrossie Mercury or an Edellyn Command bull, or heifers bred to them will profit no less than those that have developed their champions from this line of breeding in Scotland and South America.

Thos. E. Wilson

Edellyn Radiant Command

●
EDELlyn RADIANT COMMAND was a real favorite of many wise stockmen when he stood 2nd at the 1940 International. Today he is hailed as the outstanding young bull in America. He has been compared with the champions in Scotland and we doubt seriously if his equal was sold at Perth this year. His color, type, blockiness, substance and rugged character stamp him as a typical Old Country calf. His faultless breeding and his extremely thick and deep bodied imported dam combine in this calf all the requirements necessary for "The Outstanding Bull of the Year."

Edellyn Golden Mercury

EDELLYN GOLDEN MERCURY is out of a dam by the 1928 International Grand Champion Browndale Goldspur. This is more fusing of Scottish and American championship blood and the result is the thickest, blockiest, tightest framed calf of the entire lot, together with a great rear end being almost perfect at the tail head and very full in his quarters. Without question one of the finest herd bull prospects to be sold this year.

Edellyn Pioneer Mercury

EDELlyn PIONEER MERCURY like all others by his famous sire is a rugged individual with a lot of bone and substance. He is extremely square made, perfect in his top and underline with great width through his crops and fullness through his heart girth. A very deep bodied calf with smooth shoulder and a very masculine head. He is out of a very deep, thick, low set, dark roan cow and from the general excellence of his immediate background, we feel that this bull will sire real calves.

A Mercury that's a Perfect Combination of Color, Quality and Ruggedness

Edellyn Eliza 27th

EDELLYN ELIZA 27th is a beautiful red calf sired by Edellyn Command and one of very few that we are selling this year. She will be an attraction wherever she goes. She has perhaps one of the choicest pedigrees in the Edellyn herd books and Miles-of-View and Fairmead Farms have valued females out of the same dam. This heifer will make a wonderful cow for she is so level, smooth, deep bodied and sweet headed. We should keep this one and mate her to Mercury but we wanted her and her sisters for attractions in this sale. This old country breeding is sure to attract those that want to add a very fashionable pedigree to their herd.

Edellyn Orange Blossom 37th

EDELLYN ORANGE BLOSSOM 37th is a typical daughter of the champion Sultan Browndale. She is level in her lines, sweet headed and just the kind to make a valuable addition to your herd. This heifer is out of a fine imported dam sired by Calrossie Rangefinder, the sire of the dam of Calrossie Goldfinder, one of the best bulls ever used at Edellyn. The granddam was also sired by a Calrossie bred bull and in addition she carries the service of Calrossie Mercury. What a wonderful prospect for the unborn calf.

EDELLYN VIOLET 8th is an outstanding daughter of Edellyn Scottish Leader by the champion Raveni Leader and out of Proud Violet by Glastullich Watchman by Naemoor Jasper. This great Durno bred cow is the dam of Matchless Leader, by Raveni Leader used so successfully at Edellyn. Ray Hagie bought a beautiful heifer out of this same cow last year. From the type and character of this heifer and her wonderful background together with being bred to Calrossie Mercury should make this heifer a real buy.
